About CAI-PAN

1980s

CAI-PAN is founded in Denmark by Peter Pampel, a physiotherapist and alternative practioner. Together with a farmer, Peter Pampel discovers the positivie aspects of Japanese peppermint oil (mentha arvensis) for the udder.

1984

Since 1984, customers in countries all over the world have been using **CAI-PAN®mint**, the original udder cream based on herbal essences.

2014

In September 2014, Peter Pampel retires after a busy and successful work life. CAI-PAN remains within the family, the headquarters of CAI-PAN are relocated to Germany. Daniel Münch is managing partner of CAI-PAN GmbH & Co. KG. In the same year CAI-PAN presents **CAI-PAN®sprizz**, the innovative udder care with the ease of a spray.

2018

CAI-PAN expanded its range with additional care products such as **CAI-PAN® Melkfett** and **CAI-PAN® Hoof Care**, reinforcing its commitment to comprehensive animal well-being.

2024

CAI-PAN represents over 40 years of experience and trust in more than 35 countries worldwide. The brand continues to evolve, now offering a wide range of care products for **cows** and **horses**, with a clear focus on natural ingredients and international standards.
